

TANNER'S CREEK

Tanner's Creek is a bourbon with soul – born by the river and shaped by more than 170 years of whiskey tradition in Lawrenceburg, Indiana. This blended bourbon is produced at the Ross & Squibb Distillery using the classic sour mash method, supported by pure, soft water from an underground spring that lends it exceptional depth and character.

Matured for three years in new American oak barrels, it develops smooth notes of caramel and sweet vanilla. Like the osprey, which circles calmly above the river, Tanner's Creek remains deeply connected to its origins – a bourbon crafted from water, time, and craftsmanship, with every sip revealing its heritage.
