

WOOD STORK

THE AGEING

Three years of ageing in carefully selected bourbon whisky casks make Wood Stork Aged Rum a true masterpiece from the Black Forest. It is made from South American sugar cane molasses, which is fermented and gently distilled to achieve an authentic rum profile. Here, sugar cane and wood aromas blend into a harmonious combination full of depth, warmth and

sophistication. The cask notes enhance the rum without overshadowing it. Ideal enjoyed neat or slightly chilled, Wood Stork Aged Rum represents the finest Black Forest rum experience. It invites you to fully appreciate the pure quality of this special rum.
