

WOOD STORK

THE JOURNEY

Refined with a colorful mix of the finest ingredients from all over the world. A hint of ginger from Australia, a subtle spiciness from chili peppers from China. A beautifully bittersweet flavor thanks to the combination of coffee beans from South America and bitter oranges from China. With a slight sweetness from vanilla from Asia and cocoa beans from the Ivory Coast, the result

is a well-rounded, full-bodied bouquet. WOOD STORK Spiced gets its "little Black Forest extra" from the addition of original Black Forest spruce and fir honey. With its full-bodied, uniquely intense aroma, WOOD STORK Spiced is delicious both pure and in various cocktail creations.
