

WOOD STORK

THE JOURNEY

Refined with a colorful mix of the finest ingredients from all over the world: the Black Forest meets vanilla, coffee and bitter orange. A hint of ginger from Asia and a subtle heat from chilli from Africa lend the rum depth and character. The result is a rounded, full-bodied bouquet. WOOD STORK Spiced gets its 'little Black Forest extra' from the addition of original

Black Forest spruce and fir honey. With its full-bodied, uniquely intense aroma, WOOD STORK Spiced is delightful both neat and in various cocktail creations, offering a versatile taste experience for discerning connoisseurs.
